

About Mindvalley

Mindvalley Provides The Education That Regular Schools Forgot — Being Human is more than just what our broken education system makes it out to be. We teach the world the art of truly living extraordinary, fulfilling, happy lives. We spend the prime years of our lives preparing for our careers. But we spend hardly any time preparing for things that will determine the quality of our life experience and the quality of our relationships, health, mindset and wellbeing. Mindvalley teaches you the things that actually matter most in life. And we do it by bringing in the latest cutting edge techniques, the world’s best teachers, and a powerful learning platform that is the best of its kind in the world.

The Mindvalley Difference — 5X Better Completion Rates than Traditional Online Learning* Our content and courses have radically transformed the way we consume information and learn. It’s not just something we say. It’s something we do. Our Quest platform has an *333% better completion rate than industry average. These deep-dives into personal transformation use scientifically proven motivators and systems that help you make life changes that really stick.

Mindvalley (MNDVL)

Stakeholder(s):

Mindvalley Team :

Surround Yourself with People Who Inspire You — Mindvalley is home to hundreds of incredibly talented educators, employees, and tribe members like you who have dedicated their lives to helping themselves and others achieve the ultimate in personal transformation.

Vishen Lakhiani :

Vishen Lakhiani was a computer engineer and senior leader at a rapidly growing Silicon Valley startup. But he faced extreme stress and was burnt out. He took up meditation as a solution and it completely changed his life. He quit the valley to study meditation, teach around the world and go into deep mastery of human development. Mindvalley was born as a result. Today Vishen is on a quest to remake how the world works in terms of business, politics, education and spirituality.

Vision

Extraordinary, fulfilling, happy lives

Mission

To create personal transformation that raises human consciousness

Values

Lifelong Learning: At Mindvalley, learning is a lifelong adventure

Potential: The Mindvalley curriculum is designed to unleash the fullest potential of your mind, body, and spirit. It's about being a rockstar at work.

Health: Having a healthy, youthful, energetic body.

Joy: Experiencing unbreakable joy, love, and fulfillment.

Love

Fulfillment

Connection: Connecting deeply with the people and communities around you. And contributing your unique gifts to the planet. But beyond the tangible, there's also something else going on beneath Mindvalley's surface...

Fun: Our teachers and students tell us there's a certain magic in everything we do. A sense of fun, joy, friendship, and authenticity. Some have come to call this the 'Mindvalley Effect' – and we'd like to think it's a big reason why many of the world's greatest teachers, from Ken Wilber to Robin Sharma to Neale Donald Walsch, choose to publish their work on our learning platforms. And why many people consider Mindvalley not just a company or a movement – but a way of life.

Friendship

Authenticity

Community: Group Motivation: Start and End Together -- Community is the key to ultimate growth. Connect and grow with other members and be inspired by their journeys.

Micro-Learning: Daily Bite-Size Micro-Learnings -- Our scientifically-backed tools and technology make complicated topics easy to understand and integrate for results.

1. Online Learning

Combine community and daily microlearning to transform you in ways traditional learning never could
