Divisions/Programs: Land and Waste Management - BLWM coordinates mining and waste-related activities and implements assessment and corrective actions for contaminated sites. Waste areas include solid, hazardous, radioactive and infectious waste.

Executive Branch/State Agencies :

Divisions/Programs: Land and Waste Management - BLWM coordinates mining and waste-related activities and implements assessment and corrective actions for contaminated sites. Waste areas include solid, hazardous, radioactive and infectious waste.

Executive Branch/State Agencies :

Divisions/Programs: Family Health - Drug Control - Protect the public by monitoring controlled substances.

Executive Branch/State Agencies :

Divisions/Programs: Family Health - Maternal/Infant - Maternal and Child Health Epidemiology Maternal and Child Health Epidemiology provides analytic and research support to programs in the DHEC Bureau of Maternal and Child Health. This support includes analyzing data and trends, as well as conducting program and policy evaluation to ensure maternal and child health programs are functioning efficiently and productively.

Executive Branch/State Agencies :

Divisions/Programs: Family Health - Health Improvement and Equity - Health Disparities and Health Equity To Improve the health status of racial, ethnic, and underserved populations in South Carolina and ultimately achieve health equity.

Executive Branch/State Agencies :

Divisions/Programs: Family Health - Chronic Disease Prevention - Tobacco Control-Tobacco-Free State Cabinet Agencies Provide tools and support for cabinet-level state agencies who implement tobacco-free policies for their facilities and campuses.

Executive Branch/State Agencies :

Divisions/Programs: Family Health - Chronic Disease Prevention - Injury and Violence Prevention-SC Violent Death Reporting System Serves as state based surveillance system that collects data from multiple data sources to provide a clearer understanding of violent deaths (homicides and suicides) which can guide prevention efforts and the reduction of violent deaths.

Executive Branch/State Agencies :

Divisions/Programs: Family Health - Chronic Disease Prevention - Injury and Violence Prevention-Child Passenger Safety Program Aims to reduce unintentional injuries and fatalities to children and adults involved in motor vehicle crashes through educational opportunities, school transportation safety assessments and free child safety seat inspections.

Executive Branch/State Agencies :

Divisions/Programs: Injury and Violence Prevention - Reporting of annual SCFAC activities. Aim is to produce an annual report detailing the SCFAC activities (cases reviewed

and completed), highlighting the SCFAC's environmental, system and policy change recommendations, and providing primary prevention points to help reduce fatal and nonfatal injuries.

Executive Branch/State Agencies :

All South Carolinians or visitors to South Carolina Divisions/Programs: Health Surveillance Support - Health Lab Provide lab testing for disease surveillance and outbreak testing.

Executive Branch/State Agencies :

Divisions/Programs: Health Surveillance Support - Vital Records Vital records registers and issues certified copies for vital events that occur in South Carolina. In addition, data are provided to other state agencies for administrative purposes, such as marking individuals in their records as deceased.

Executive Branch/State Agencies :

Divisions/Programs: Division of Surveillance-Bureau of Health Improvement and Equity The Division of Surveillance houses the Behavioral Risk Factor Surveillance System (BRFSS), the Children's Health Assessment Survey (CHAS), the Pregnancy Risk Assessment Monitoring System (PRAMS), blood lead surveillance, the SC Birth Defects Program, and the Muscular Dystrophy Surveillance, Tracking, and Research Network (MD STARnet). Programs are responsible for data collection, data analysis, and data dissemination in collaboration with other public health and DHEC programs, as well as external partners.

Executive Branch/State Agency :

Divisions/Programs: Family Health - Chronic Disease Prevention - Division of Nutrition, Physical Activity, and Obesity - Early Care and Education The Division of Nutrition, Physical Activity, and Obesity (DNPAO) is charged to lead South Carolina's healthy eating and active living policy, systems, and environmental approaches to reduce obesity and obesity-related chronic conditions. Environmental and systems approaches have broad, population-based reach, provide sustained health impact, and are best and promising practices for public health. DNPAO works with partners at the state and local level providing content expertise and technical assistance on environmental and systems approaches to support healthy eating, active living, and obesity prevention.

Executive Branch/State Agency; Local Governments :

Divisions/Programs: Family Health - Chronic Disease Prevention - Division of Nutrition, Physical Activity, and Obesity - School Health DNPAO is charged to lead South Carolina's healthy eating and active living policy, systems, and environmental approaches to reduce obesity and obesity-related chronic conditions. Environmental and systems approaches have broad, population-based reach, provide sustained health impact, and are best and promising practices for public health. Vision

Healthy people living in healthy communities

Mission

To improve the quality of life for all South Carolinians by protecting and promoting the health of the public and the environment.

Values

Education: Engage our team members, stakeholders, and communities by providing them access to relevant and timely information and education to improve quality of life and health outcomes.

Engagement

Science: Science in Action -- Utilize sound science, quality data, and analytical processes to make fully informed, well-reasoned decisions that instill trust and confidence in the agency's expertise and decision-making capabilities.

Leadership: Collaborate with our partners, contribute expertise, and lead efforts to establish a strong public health system that advances health and environmental protection on a state, regional, and national level.

Collaboration

Service: Facilitate access to and delivery of dependable, timely, professional, and culturally appropriate services to meet the needs of communities and our partners.

Accessibility**Performance****Continuous Improvement**

Operational Excellence: Develop our people, strengthen our processes, and invest in our technology to support a high-performance organization and a culture of continuous improvement.

1. Health & QOL

Improve and protect the health and quality of life for all.

1.1. Care

Assure access to care for residents by linking community services and facilitating systems of care for women, children, and infants.

Performance Indicators

1.1.1 Counties with Diabetes Programs

Description	Type	Start Date	End Date	Percentage
Percent of counties with at least one National Diabetes Prevention Program. Target: 60.00%	Target	2018-07-01	2019-06-30	60
Base: 53.25%	Actual		2018-07-01	53.25
Actual:	Actual	2018-07-01	2019-06-30	53.25

~ Time Applicable: 30-Jun ~ Data Source and Availability: CDC grants Diabetes Heart Disease Prevention, Obesity and school health ~ Calculation Method: # of counties with a program divided by the total # of counties (46) (%) ~ Meaningful Use of Measure: Reduce the burden of chronic diseases by promoting evidence-based interventions.

1.1.2 School Districts with Tobacco Programs

Description	Type	Start Date	End Date	Percentage
The percent of school districts implementing model tobacco-free policies, including electronic cigarettes. Target: 60.00%	Target	2018-07-01	2019-06-30	60
Base: 52.50%	Actual		2018-07-01	52.5
Actual:	Actual	2018-07-01	2019-06-30	52.5

~ Time Applicable: 30-Jun ~ Data Source and Availability: Tobacco Cessation and Prevention Grant ~ Calculation Method: # of school districts implementing model policies divided by the total # of school districts (82) (%) ~ Meaningful Use of Measure: Reduce tobacco use in SC by preventing youth from starting and supporting cessation among tobacco users.

1.1.3 Women Enrolled

Description	Type	Start Date	End Date	Percentage
Percent of women enrolled in Best Chance Network who receive a mammogram and are 50 years or older. Target: 95.00%	Target	2018-07-01	2019-06-30	95
Base: 89.25%	Actual		2018-07-01	89.25

Description	Type	Start Date	End Date	Percentage
Actual:	Actual	2018-07-01	2019-06-30	89.25

~ Time Applicable: 30-Jun ~ Data Source and Availability: Cancer grant ~ Calculation Method: # of women ≥ 50 receiving a mammogram divided by total # of women receiving a mammogram (%) ~ Meaningful Use of Measure: Strengthen cancer prevention and control efforts by collaborating with key stakeholders and increasing screening for breast and cervical cancer.

1.2. Lifestyles & Chronic Diseases

Prevent and control chronic disease and promote healthy lifestyles for all South Carolinians.

Performance Indicators

1.2.1 HIV Care within 30 Days

Description	Type	Start Date	End Date	Percentage
Percent of newly diagnosed HIV positive persons linked to Care within 30 days of diagnosis Target: 80.00%	Target	2019-01-01	2019-12-31	80
Base: N/A New measure for FY 2019	Actual		2019-01-01	
Actual:	Actual	2019-01-01	2019-12-31	

~ Time Applicable: January - December (Calendar Year) ~ Data Source and Availability: Surveillance and Tech Support and STD/HIV Data to Care Projects Reports ~ Calculation Method: Newly diagnosed HIV persons linked to Medical Care within 30 days of diagnosis ~ Meaningful Use of Measure: Conduct STD and HIV testing, treatment and partner services.

1.2.2 Adequate TB Treatment

Description	Type	Start Date	End Date	Percentage
Percent of clients with active TB disease that adequately complete treatment protocol. Target: 95.00%	Target	2018-07-01	2019-06-30	95
Base: 93.00%	Actual		2016-12-31	93
Actual:	Actual	2018-07-01	2019-06-30	93

~ 2016 Completed Data Set ~ Data Source and Availability: TB SCION Data ~ Calculation Method: TB cases that complete treatment within the 12-month period of interest (%) ~ Meaningful Use of Measure: Prevent the occurrence and spread of tuberculosis through surveillance, contact investigations, case management and medical therapy.

1.3. Communicable Diseases

Prevent and control communicable diseases of public health importance in South Carolina.

Performance Indicators

1.3.1 Timely Review & Update

Description	Type	Start Date	End Date	Percentage
All required response plans and SOP's are reviewed and updated in accordance with establish update timelines. Target: 100.00%	Target	2018-07-01	2019-06-30	100
Base: 100.00%	Actual		2018-07-01	100
Actual:	Actual	2018-07-01	2019-06-30	100

~ Time Applicable: 30-Jun ~ Data Source and Availability: National Response Framework and DHEC Policy
 ~ Calculation Method: Established Timeline Matrix ~ Meaningful Use of Measure: Collaborate with both internal and external partners to support the healthcare community recovery efforts after an all hazards event.

1.3.2 Exercise & Drills

Description	Type	Start Date	End Date	Number
Conduct, evaluate or participate in 2 drills, 2 functional, 2 table top and 3 full scale exercises. Target: 9 Exercises/ Drills	Target	2018-07-01	2019-06-30	9
Base: N/A New measure for FY 2019	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: 30-Jun ~ Data Source and Availability: DHEC Policy ~ Calculation Method: Cumulative # of relevant exercises/events ~ Meaningful Use of Measure: Establish and maintain a robust preparedness training and exercise program to ensure a skilled workforce.

1.4. Resident Health

Collaborate with communities to improve the health status of county residents.

Stakeholder(s):

Communities

Counties

Residents

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

1.5. Statistics

Act as primary source to collect, track, disseminate and maintain public health statistics to assess South Carolina's health status and support public health decision making.

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

1.6. Preparedness & Response

Facilitate a coordinated, comprehensive public health preparedness and response system by ensuring that the agency and its partners are prepared for, respond to and recover from events impacting public health.

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

1.7. Testing & Expertise

Provide time-sensitive public health diagnostic and surveillance testing and expertise to prevent and control disease.

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

2. Natural Resources

Protect, enhance, and sustain environmental and coastal resources.

2.1. Air

Ensure air is healthy to breathe through regulatory oversight and monitoring.

Performance Indicators

2.1.1 Ambient Air Station Compliance

Description	Type	Start Date	End Date	Percentage
Meet National Ambient Air Quality Standards (NAAQS) for all six criteria pollutants at 100% of South Carolina ambient monitoring stations. Target: 100%	Target	2018-07-01	2019-06-30	100
Base: 100%	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable Varies by pollutant ~ Data Source and Availability: EPA Air Quality System Database (AQS) ~ Calculation Method: Varies by pollutant ~ Meaningful Use of Measure: Ensures South Carolinians are breathing healthy air, and South Carolina meets all state and federal air quality standards for protecting public health and the environment.

2.2. Communities

Promote healthy and thriving communities through environmental cleanup, education and community engagement.

Stakeholder(s):

Communities

Performance Indicators

2.2.1 UST Cleanup Release Closures

Description	Type	Start Date	End Date	Number
Underground Storage Tank (UST) Release Cleanup Progress (release closures per federal fiscal year or FFY) Target: 100	Target	2018-07-01	2019-06-30	100
Base: 81 as of 8/22/2018 (FFY not yet complete)	Actual		2018-08-22	

Description	Type	Start Date	End Date	Number
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: Federal Fiscal Year ~ Data Source and Availability: Environmental Facility Information System (EFIS) Database ~ Calculation Method: EFIS Report - Cumulative total number of petroleum release closures completed during the federal fiscal year ~ Meaningful Use of Measure: Oversee the investigation, remediation, and clean-up of contamination from Superfund, dry-cleaning, above-ground storage tanks, underground storage tanks, and brownfield sites.

2.2.2 Hazardous Waste Facilities Cleanup/Control

Description	Type	Start Date	End Date	Number
The number of hazardous waste facilities on the Government Performance and Results Act (GPRA) Baseline that have: (1) control of unacceptable human exposures from site contamination; (2) control of migration of contaminated groundwater; and (3) selection and construction of remedies to clean up contaminated sites. Target: 50/53 facilities with human exposure under control; 47/53 facilities with contaminated groundwater under control; 37/53 facilities with site-wide remedies constructed.	Target	2018-07-01	2019-06-30	
Base: 53/53 facilities with human exposure under control; 52/53 facilities with groundwater under control; 42/53 facilities with site-wide remedies constructed.	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: State Fiscal Year ~ Data Source and Availability: Meeting calendars and records ~ Calculation Method: The number of facilities on the National GPRA list that achieve those milestones ~ Meaningful Use of Measure: This effort will enhance collaborative problem solving through encouraging participation in external and internal partnerships with various stakeholders.

2.2.3 Inspected Dams

Description	Type	Start Date	End Date	Percentage
Percent of high hazard and significant hazard regulated dams receiving scheduled inspection. Target: High hazard once every 2 years and Significant Hazard once every 3 years	Target	2019-01-01	2019-12-31	
Base: 100% All High and Significant hazard dams were inspected after the flooding in October 2015	Actual		2018-01-01	100
Actual:	Actual	2019-01-01	2019-12-31	100

~ Time Applicable: Calendar Year ~ Data Source and Availability: Inspections ~ Calculation Method: Number Inspections/Total Scheduled Dams in that category ~ Meaningful Use of Measure: Provide input and assistance on regulatory and compliance issues to owners and operators of more than 2,300 dams statewide.

2.3. Water

Provide regulatory oversight and monitoring to ensure water is clean and available for all uses.

Performance Indicators

2.3.1 Surface Waters Compliance

Description	Type	Start Date	End Date	Percentage
Percent of surface waters meeting numeric standards (fishable, swimmable) Target: 75%	Target	2018-07-01	2019-06-30	75
Base: 61.08%	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: BiAnnual ~ Data Source and Availability: Monitoring Data ~ Calculation Method: Utilizing impaired stream monitoring ~ Meaningful Use of Measure: Collect and evaluate ambient water and beach quality.

2.3.2 Community Water Systems Compliance

Description	Type	Start Date	End Date	Percentage
Maintain percent of population served by community public water systems that are in compliance with all health based standards at 95% or above. Target: 95%	Target	2018-07-01	2019-06-30	95
Base: 97%	Actual		2018-07-01	97
Actual:	Actual	2018-07-01	2019-06-30	97

~ Time Applicable: Calendar Year ~ Data Source and Availability: National Database SCDW ~ Calculation Method: Population served by community public water systems in full compliance with health based standards/Population served by all community public water systems ~ Meaningful Use of Measure: Conduct compliance assistance and assurance through routine monitoring, inspections and enforcement for water programs.

2.3.3 Cumulative Water Investments

Description	Type	Start Date	End Date	Billion Dollars
Cumulative investments in drinking water, wastewater and stormwater infrastructure projects by the Clean Water State Revolving Fund (SRF) and Drinking Water SRF. Target: \$1.712B	Target	2018-07-01	2019-06-30	1.712
Base: \$1.659B	Actual		2018-07-01	1.659
Actual:	Actual	2018-07-01	2019-06-30	1.659

~ Time Applicable: State Fiscal Year ~ Data Source and Availability: National Database NIMS (DWSRF and CWSRF), Annual Intended Use Plans(DWSRF and CWSRF), SC Rural Infrastructure Authority ~ Calculation Method: Each state fiscal year the total binding commitments (investments) for the DWSRF and CWSRF should increase by an amount at least equal to or greater than of the total estimated repayments returning to the DWSRF and CWSRF that state fiscal year. ~ Meaningful Use of Measure: Utilization of the CWSRF and DWSRF for drinking water, wastewater and stormwater infrastructure projects.

3. Health Care

3.1. Standards

Implement and enforce standards for licensure, maintenance, and operation of health facilities and services to ensure the safe and adequate treatment of persons served in this State.

Performance Indicators

3.1.1 Timely Health Issuances

Description	Type	Start Date	End Date	Percentage
Maintain the percentage of health facility and service licenses, permits, registrations, and certifications issued within the timeframe prescribed by law, regulation, or internal policy at 95% or above. Target: 95%	Target	2018-07-01	2019-06-30	95
Base: 97%	Actual		2018-07-01	97
Actual:	Actual	2018-07-01	2019-06-30	97

~ Time Applicable: "July - June (Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Percentage of licenses, permits, registrations, and certifications issued by the prescribed time-frame. ~ Meaningful Use of Measure: Review applications and issue licenses, permits, registrations, and certifications for health facilities and services.

3.1.2 Health Standards Compliance

Description	Type	Start Date	End Date	Percentage
Meet the performance standards for the frequency, quality, and enforcement for nursing homes, other health care facilities, and CLIA laboratories. Target: 100%	Target	2018-10-01	2019-09-30	100
Base: New Measure	Actual		2018-09-30	
Actual:	Actual	2018-10-01	2019-09-30	

~ Time Applicable: "October - September (Federal Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Percentage of performance standards met for the frequency, quality, and enforcement for nursing homes, other health care facilities, and CLIA laboratories. ~ Meaningful Use of Measure: Conduct federal Medicare certification process to ensure minimum health and safety requirements and CLIA regulatory standards are met by providers and suppliers participating in the Medicare and Medicaid programs.

3.1.3 Timely Inspections & Investigations

Description	Type	Start Date	End Date	Percentage
Conduct routine inspections and initial investigations within the timeframe prescribed by law, regulation, or internal policy. Target: 100%	Target	2018-07-01	2019-06-30	100
Base: New Measure	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: "July - June (Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Percentage of routine inspections and initial investigations conducted by the prescribed time-frame. ~ Meaningful Use of Measure: Conduct inspections and investigations of health facilities and services for alleged violations and noncompliance.

3.2. Compliance

Certify that providers and suppliers meet minimum federal health and safety requirements and Clinical Laboratory Improvement Amendments (CLIA) regulatory standards.

Performance Indicators

3.2.1 Training & Certification Increase

Description	Type	Start Date	End Date	Percentage
Increase the number of emergency service providers trained and certified in this State by in-state training institutions for EMT level and paramedic level within the next 12 months. Target: 5%	Target	2018-07-01	2019-06-30	5
Base: 2%	Actual		2018-07-01	2
Actual:	Actual	2018-07-01	2019-06-30	2

~ Time Applicable: "July - June (Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Percentage of EMT level and paramedic level personnel trained and certified in this State by in-state training institutions. ~ Meaningful Use of Measure: Train and educate

EMS providers, first responders, law enforcement, and the public with respect to their role in provision of emergency medical care.

3.2.2 Practitioner & Registrant Inspections

Description	Type	Start Date	End Date	Number
Maintain the number of practitioners and registrants inspected annually. Target: 1904	Target	2018-07-01	2019-06-30	1,904
Base: 1904	Actual		2018-07-01	1,904
Actual:	Actual	2018-07-01	2019-06-30	1,904

~ Time Applicable: "July - June (Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Total number of inspections performed annually. ~ Meaningful Use of Measure: Conduct inspections and audits to ensure accountability of controlled substances.

3.3. EMS

Implement and enforce standards for emergency medical services (EMS).

Performance Indicators

3.3.1 Timely X-Ray Facilities Inspections

Description	Type	Start Date	End Date	Percentage
Maintain the percentage of inspections of facilities that use x-ray equipment conducted within the timeframe prescribed by law, regulation, or policies. Target: 85%	Target	2018-07-01	2019-06-30	85
Base: 85%	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: "July - June (Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Percentage of inspections conducted within the timeframe prescribed by law or regulation. ~ Meaningful Use of Measure: Conduct inspections to verify compliance, protect public health, and provide safety from unnecessary exposure from ionizing and nonionizing radiation.

3.3.2 Timely Radioactive Materials Facilities Inspections

Description	Type	Start Date	End Date	Percentage
Conduct all inspections of facilities that use radioactive materials within the timeframe prescribed by law, regulation, or policies. Target: 100%	Target	2018-07-01	2019-06-30	100
Base: New Measure	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: "July - June (Fiscal Year)" ~ Data Source and Availability: Electronic Document Management System ~ Calculation Method: Percentage of inspections conducted within the timeframe prescribed by law or regulation. ~ Meaningful Use of Measure: Conduct inspections to verify compliance, protect public health, and provide safety from unnecessary exposure from ionizing and nonionizing radiation.

3.4. Facilities & Services

Ensure new and modified health care facilities and services throughout the State reflect the needs of the public.

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

3.5. Controlled Substances

Protect the public by ensuring accountability of controlled substances.

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

3.6. Radiation

Protect the public from unnecessary exposure from radiation.

Performance Indicators

Description	Type	Start Date	End Date
[To be described]	Target	2018-07-01	2019-06-30
	Actual	2018-07-01	2019-06-30

4. People, Processes & Technology

Develop our people, strengthen our processes, and invest in our technology to support a high-performance organization and a culture of continuous improvement.

4.1. IT Infrastructure

Modernize the Agency's IT infrastructure and allow for the automation of many Agency functions.

Performance Indicators

4.1.1 Mainframe Application Transitions

Description	Type	Start Date	End Date	Percentage
Target: 50%	Target	2018-07-01	2019-06-30	50
By June 30, 2020, transition all outdated mainframe applications to modern platforms.	Target	2019-07-01	2020-06-30	100
Base: 0%	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: Fiscal Year ~ Data Source and Availability: Internal inventory report of applications provided as needed ~ Calculation Method: Number of mainframe applications divided by number transitioned ~ Meaningful Use of Measure: Streamline and modernize the Agency's software application portfolio to continue to strengthen coordination and performance across Agency programs.

4.1.2 Network Infrastructure Replacement

Description	Type	Start Date	End Date	Percentage
Target: 40%	Target	2018-07-01	2019-06-30	40
By June 30, 2022, replace all outdated statewide network infrastructure	Target	2021-07-01	2022-06-30	100
Base: 20%	Actual		2018-07-01	20
Actual:	Actual	2018-07-01	2019-06-30	20

~ Time Applicable: Fiscal Year ~ Data Source and Availability: Network Modernization project plan ~ Calculation Method: Number of new/up-to-date network equipment divided by number of total equipment inventory. ~ Meaningful Use of Measure: Expand the capacity and increase the reliability of our IT infrastructure.

4.1.3 Computing Devices Refreshed

Description	Type	Start Date	End Date	Percentage
Target: 20%	Target	2018-07-01	2019-06-30	20
By June 30, 2023 refresh all end-user computing devices	Target	2022-07-01	2023-06-30	100
Base: 0%	Actual		2018-07-01	0
Actual:	Actual	2018-07-01	2019-06-30	0

~ Time Applicable: Fiscal Year ~ Data Source and Availability: Agency Device Lifecycle Plan ~ Calculation Method: Number of end-user computing devices replaced divided by total number of devices in the agency ~ Meaningful Use of Measure: Expand the capacity and increase the reliability of our IT infrastructure.

4.2. Recruitment, Development & Retention

Become the premier employer in South Carolina by recruiting, developing, and retaining high quality employees.

Performance Indicators

4.2.1 Safety Policies & Plans Updated

Description	Type	Start Date	End Date	Percentage
Review, update, and finalize safety policies and plans. Target: 50%	Target	2018-07-01	2019-06-30	50
Base: 0%	Actual		2018-07-01	0
Actual:	Actual	2018-07-01	2019-06-30	0

~ Time Applicable: 30-Jun ~ Data Source and Availability: Safety policy and procedure manual ~ Calculation Method: Number of safety polices and plans reviewed, updated, and finalized divided by the total number of safety policies and plans (21 current policies and plans) ~ Meaningful Use of Measure: Ensures workspaces for our teams across the state are functional, safe, clean, cost-effective, and environmentally friendly, pursuing new Agency facilities as necessary.

4.2.2 New Continuing Education Opportunities

Description	Type	Start Date	End Date	Percentage
Provide new internal and external continuing education opportunities for our teammates to develop and learn new skills and enhance their contributions to the Agency. Target: 85%	Target	2018-07-01	2019-06-30	85
Base: 88%	Actual		2018-07-01	88
Actual:	Actual	2018-07-01	2019-06-30	88

~ Time Applicable: 30-Jun ~ Data Source and Availability: LEAP graduation rates ~ Calculation Method: Number of graduates from the current class divided by number of participants in the current class. ~ Meaningful Use of Measure: Provide leadership development opportunities for high performers within DHEC, allowing them to learn new skills and enhance their contributions to the Agency.

4.3. Culture

Foster a culture of continuous improvement and operational excellence.

Performance Indicators

4.3.1 Projects Managed/Monitored

Description	Type	Start Date	End Date	Percentage
Percentage of strategic projects actively managed and/or monitored by DHEC Project Management Office Target: 80%	Target	2018-07-01	2019-06-30	80
Base: N/A New measure for FY 2019	Actual		2018-07-01	
Actual:	Actual	2018-07-01	2019-06-30	

~ Time Applicable: July-June (State Fiscal Year) ~ Data Source and Availability: PMO project portfolio/DHEC Strategic Project Roadmap ~ Calculation Method: % of strategic projects within PMO portfolio and/or Roadmap Reporting ~ Meaningful Use of Measure: Promote operational excellence by utilizing the Project Management Office to ensure the timely and comprehensive execution of projects that remain within budgetary parameters.

4.3.2 Closed Audit Findings

Description	Type	Start Date	End Date	Percentage
Maintain the percentage of closed financial audit findings to at least 95% for the fiscal year. Target: 95%	Target	2018-07-01	2019-06-30	95
Base: 100%	Actual		2018-07-01	100
Actual:	Actual	2018-07-01	2019-06-30	100

~ Time Applicable: July-June (State Fiscal Year) ~ Data Source and Availability: Internal tracking sheet of Audit findings ~ Calculation Method: # of closed findings/Total # of findings ~ Meaningful Use of Measure: Assure financial stability and maximize resources for implementing critical public health and environmental protection services.

4.3.3 Funds Spent

Description	Type	Start Date	End Date	Percentage
Maintain the amount of federal funds spent in a grant award to at least 95%. Target: 95%	Target	2018-07-01	2019-06-30	95
Base: 89%	Actual		2018-07-01	89
Actual:	Actual	2018-07-01	2019-06-30	89

~ Time Applicable: July-June (State Fiscal Year) ~ Data Source and Availability: SCEIS FM and GM Modules and Internal tracking database ~ Calculation Method: Federal funds awarded/Federal funds spent ~ Meaningful Use of Measure: Assure financial stability and maximize resources for implementing critical public health and environmental protection services.
