

About AT & OTB

... the World's Largest Private Database of Government Spending ...

Our work is premised in powerful Appropriations Clause of the U.S. Constitution, Article I, Section 9, Clause 7: "... A Regular Statement and Account of the Receipts and Expenditures of All Public Money Shall be published from time to time. " There's a clear interpretation: post every dime, online, in real time. Today, OpenTheBooks.com is the largest private repository of U.S. public-sector spending.
