X12

Description:

X12 is an ANSI-accredited, consensus-based, non-profit organization focusing on the development, implementation, and ongoing use of interoperable electronic data interchange standards.

Stakeholder(s):

American National Standards Institute :

X12, chartered by the American National Standards Institute for more than 40 years, develops and maintains EDI standards and XML schemas which drive business processes globally.

X12 Officers :

X12 is led by two groups. The X12 Board of Directors (Board) and the Accredited Standards Committee's Steering group (Steering) collaborate to ensure the best interests of X12 are served. Each group has specific responsibilities and the groups cooperatively handle items or issues that span the responsibilities of both groups:

X12 Board of Directors :

The Board supervises, controls, and directs the organizational affairs of X12. The Board of Directors is composed of elected and ex-officio directors.
