

About DSU

DSU Charter ~ Establish a "common ground" mechanism to coordinate and align disparate global data standards while respecting each organization's independence across systems, platforms, networks, sectors, and industries, produced, or supported by the respective standards bodies.

VALUE PROPOSITION ~ With many data standards in use across many sectors and markets, coordinating and aligning data standards [we will pursue four broad goals]

Data Standards United (DSU)

Stakeholder(s):

Data Standards Development Organizations (SDO)

DSU Charter Members

Access 4 Learning (A4L) Community

HR Open Standards Consortium

Postsecondary Electronic Standards Council

Vision

Collaborate and align standards to support the global education and workforce digital ecosystem.

Mission

Establish a sustainable collaborative of Data Standards Development Organizations (SDO) and their stakeholders across education, employment, and training sectors.

Values

Data: Free access to data standards.

Standards

Access

Transparency: Transparent, voluntary, consensus-based standards development, approval, and maintenance processes.

Volunteerism

Consensus

Publicity: Public support of the Data Standards United collaborative and lifelong learning and employment standards.

1. Infrastructure & Standards

Support a seamless, lifelong learning infrastructure and sustainable standards.

2. Forum

Provide an open forum for emerging and innovative technologies and business applications wishing to work within a standards environment.

3. Solutions

Promote existing standards-based solutions while not disrupting current investments in technology and systems.

4. Roles

Foster an understanding in each stakeholder's role across education, employment and training sectors.
